“Our mission is to provide the highest quality methods of construction whilst always fulfilling our responsibility towards the communities we serve, the people who support us and the environment we live in”.

Michael Smith, Director

**We're a London-based multi-disciplinary building contractor, established in 2005.**

Initially we provided electrical services then began to diversify with our clients' needs to undertake refurbishments, extensions, fit-outs and new-build schemes across the South East and London.

Over time we have earned our reputation as a contractor delivering on our client's expectations time and time again.

We offer a professional approach with a personal touch, and enjoy high volumes of repeat business through these methods.

By selecting Etec to deliver your project, you can be confident that you're engaging a fully committed contractor who will deliver your project on time, and to the highest standard.

## Construction

We're experienced in both traditional, as well as design and build projects, supporting our clients in constructing cost effective and pioneering construction solutions.

As a result, we have both public and private clients from all sectors.

**Case study:** Marlow Road

**Sector:** Residential

**Client:** Private developer

**Programme duration:** 42 weeks

**Scheme Description:** Construction of a new build residential development which was a former cinema/warehouse building, which has been demolished to make way for a new part two-, part three-storey building comprising 9 self-contained flats.

## Refurbishment and Fit-out

Etec are fully versed in both internal and external refurbishments, and have completed schemes for the Healthcare, Leisure, Residential Housing and Education sectors.

Whether you're after full strip out and refurbishment, or minor alterations, whatever the project size, we offer the same high levels of service.

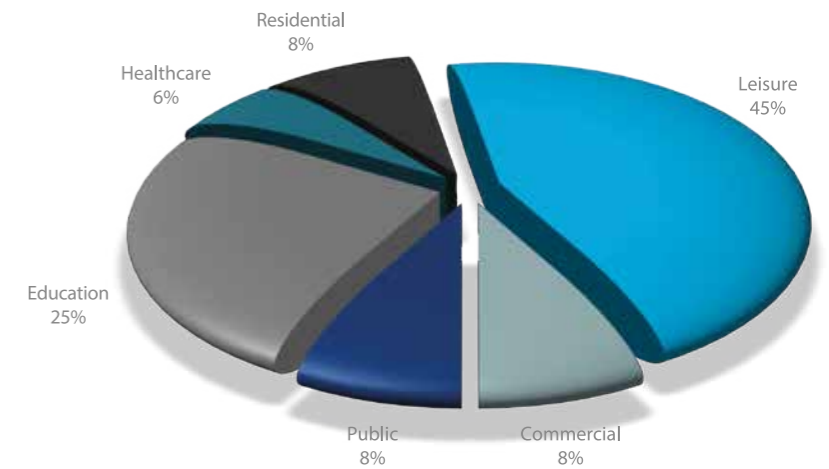

## Maintenance

A major aspect of our business is the comprehensive range of maintenance services to support our clients in keeping their properties operating at peak efficiency.

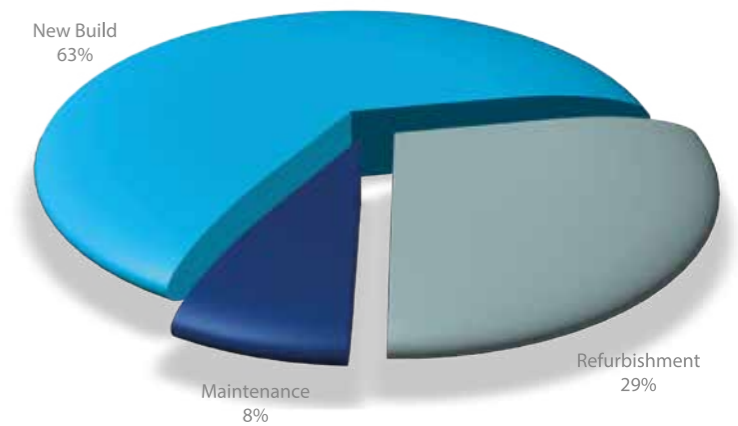

Whether they be single buildings, retail outlets, warehouses or an education facility we are experienced in providing both planned and preventive maintenance.

## Etec Group - Sectors

## Etec Group - Work Sectors

## Health and Safety

Etec constantly liaises and assists our clients and partners in their efforts to achieve a safer working environment. Our aim is to keep our impeccable record and strive towards a zero incident environment.

### **Maintain highest levels**

Because we work within an externally audited integrated management system, our dedicated health and safety manager ensures we maintain the highest possible levels of health and safety across all our sites.

## Environment

Everyone at Etec firmly believes that caring for the environment is not a matter of choice, it is a mandatory requirement.

### **Future proof**

Through considered design, material choice and delivery technique, Etec strive to achieve the most cost-effective solutions for our clients, whilst being mindful of environmental impact. We aim to provide solutions for today without creating problems for the future.

## Quality

Etec have a Quality Management System in place which clearly outlines how we operate to deliver the very best quality.

### **Measured performance**

This system measures our performance, ensuring we're the best we can be, and feeds back to ultimately benefit our customers.
